SUBJECT: Hogan Penske Racing Equipment

As a follow up to our last meeting on Hogan Penske Racing, we decided that we would review all of the team equipment separately to determine the quantity and placement of the Marlboro branding. The follow are the items that require branding (photos attached) and the initial recommendation.

- | | |
|---------------|--|
| Transporters | The color of the transporters and the tractor (truck) that pulls them will be red in the places where the MTP transporters are black. The trademark placement would be similar with Hogan Penske replacing Penske Racing and Marlboro remaining as is. |
| Fuel Tank | The MTP fuel tank is branded all Marlboro. We need your direction on this piece of equipment. |
| Pit Fence | The MTP pit fence is branded all Marlboro. We can recommend that all of the sponsors share the fence by alternating trademarks on each piece of fence. |
| Scorers Stand | The MTP stand is primarily Marlboro. We can work with Penske to place all of the sponsors trademarks on the stand verses being exclusive to Marlboro. |

These are the key pieces of equipment that require your review and approval. I would appreciate if you would review these with Denise Keane and let me know of any changes you require.

Thanks

cc I. Broeman
